Joint resolution amending the Lake County Health Department Animal Care and Control Fees Schedule as authorized in Lake County Code of Ordinances Chapter 178 Health Department Fee Schedules.

- In conjunction with a proposed amendment to Lake County Code of Ordinances Chapter 172 that would authorize the issuance of a citation to a dog owner for failing to comply with dangerous, animal-aggressive or vicious restrictions, a revision is proposed to the Animal Care and Control Fees Schedule to implement a fine of \$500 for these violations.
- In conjunction with a proposed amendment to Lake County Code of Ordinances Chapter 172 that would allow the enforcement of any Chapter 172 provision through the Administrative Adjudication process, a revision is proposed to add a fine of \$100 for any violation of any other unspecified provision of Chapter 172.
- Any fines associated with these violations would be assessed by the Lake County Hearing Officer in accordance with the provisions of the Lake County Administrative Adjudication Ordinance.

Ordinance amending the Lake County Code of Ordinances Chapter 172 - Animals, Section 172.15 Limits on the Number of Dogs and Cats per Residence and Section 172.16 Violations.

- Proposed revisions to Section 172.15 (B) Multiple Pet Permits include the codification of Application Conditions [subsections 2(b) and 2(c)], which require applicants to list the number of pets proposed to be covered under the Multiple Pet Permit, as well as proof of current rabies inoculation and registration for each pet.
- A proposed addition to Section 172.15 (B) Multiple Pet Permits (3) Inspections clarifies that the annual inspection shall include a determination of the number of pets covered under the permit.
- Additionally, it is proposed that a new section be added as Section 172.15 (B) Multiple Pet Permit (7) Revocation of Multiple Pet Permit to institute a revocation process for a Multiple Pet Permit.
- The current ordinance provisions only provide the authority to refuse to issue or renew a permit when requirements are not met. The revocation language that is included in these revisions was taken, with modifications, directly from other Prevention ordinances,

ensuring alignment and consistency among our ordinances. As is the case with our other ordinances, the requirements allow for a hearing prior to a revocation being final.

- A revision to Section 172.16 Violations is proposed to authorize the issuance of a citation to a dog owner for failing to comply with dangerous, animal-aggressive or vicious restrictions, and to pursue enforcement through the Administrative Adjudication (AA) process.
- When a dog is determined to be dangerous, animal-aggressive or vicious, there are additional restrictions that are placed on the owner to control the dog to prevent future occurrences.
- The current regulations contain very limited enforcement provisions when an owner fails to comply with these restrictions and can present a great risk to the public, further enforcement tools are needed to obtain compliance.
- A revision is proposed to authorize the enforcement of any Chapter 172 provision through the AA process, not just those specified.
- The Lake County AA Ordinance allows the enforcement of any County ordinance provision through the AA process, but only if the ordinance authorizes it.
- This proposed change is in keeping with all other Health Department ordinances, which have had this provision added when being revised.

Joint resolution authorizing the Lake County Sheriff's Office (LCSO) application for the MacArthur Foundation Innovation Fund Implementation Site Grant in an amount not to exceed \$1,000,000 per year for a two-year period.

- In February 2017, the LCSO was awarded a \$50,000 Jail Diversion Case Management Grant through an Urban Institute Innovation Fund Competition hosted by the John D. and Catherine T. MacArthur Foundation.
- The LCSO has served as the lead agency on this grant, and NICASA Behavioral Health Services has provided intensive case management aimed at reducing the incarceration of 30 individuals identified as high jail utilizers.
- In February 2018, the LCSO received an invitation to submit a readiness assessment for an Implementation Site Funding Grant worth up to \$1,000,000 per year for a two-year period. Implementation Site Funding seeks to increase the number of jail facilities that have demonstrated they are capable of continuing their jail population reduction strategies.

- The LCSO submitted its readiness assessment, the first of four application phases, to the Urban Institute and after its review; the LCSO was notified of its advancement to the next step of the application process, data analysis. The LCSO is in the process of providing the information requested.
- In order to realize success in this effort, it is imperative to have participation and commitment from all justice partners to collaborate and explore additional methods to decrease the jail population.
- To that end, the LCSO has actively pursued commitment from the State's Attorney, Public Defender, Circuit Court Clerk, Probation and the Judiciary.
- Additionally, Nicasa has confirmed their commitment to provide intensive case management to an increased number of high utilizers in the jail.
- Upon County Board authorization, the LCSO will submit its grant application. Applications are due in early June of 2018, and it is anticipated that final funding decisions will be communicated in September 2018.
- This grant does not require a direct match, but will require the LCSO to commit in-kind resources to manager the program, as well as track and monitor grant funds.
