The department may reschedule receipt of bids for those projects where the commission rejects all bids. Those bids accepted by the commission will result in conditional contract awards to the low bidders. State law requires the internal auditor to create an annual audit plan that is prepared using risk assessment techniques and that identifies the individual audits to be conducted during the year. The Internal Audit Plan must be approved by the commission. In addition, the commission must review the resources dedicated to the Internal Audit Program and determine if adequate resources exist to ensure that risks identified in the annual risk assessment are covered in a reasonable timeframe.

Changes to the rules regarding eligible activities, allowable costs, local match, and MPO and department project selection are proposed.
- (2) **Chapter 27 - Toll Projects**
 New §27.86, Veteran Discount Program (Operation of Department Toll Projects) (MO)
S.B. 1091, 86th Legislature, Regular Session, 2019, amended Transportation Code, §372.053, related to the Veteran Discount Program. The amendments provide that a toll project entity may limit the number of transponders (tags) issued to a participant in the entity's program. A toll project entity that adopts a limit shall allow a participant to be issued one extra transponder on a demonstration of hardship by the participant, as determined by the entity. New §27.86 describes the method by which the department will implement these statutory provisions.
- b. **Final Rule Adoption**

El Paso County (County) will secure the loan with a pledge of ad-valorem tax revenues. The loan will be used to pay the County's costs associated with the construction of a non-tolled, off-system project to widen Pellicano Drive, add bike lanes, pedestrian walkways, and landscaping, and connect to Loop 375 in El Paso County, Texas.

10. **Eminent Domain Proceedings**
