The BTMP is a comprehensive, multimodal, binational plan that identifies transportation issues and needs, as well as the challenges of moving people and goods through the Texas-Mexico border, the border regions, and beyond. The plan outlines policy, program, and project recommendations to facilitate the continued efficient and safe movement of people and goods through the 29 border crossings and the multimodal transportation system. The plan also lays out a framework for implementing the recommendations that will support the continued economic competitiveness of the border regions, Texas, the U.S., and Mexico.

7. **Aviation**

Various Counties - Consider the award of federal non-primary entitlement grant funding, federal apportionment grant funding, and state grant funding for airport improvement projects at various locations (MO)

Federal law authorizes the award of federal non-primary entitlement grant funding and federal apportionment grant funding to preserve and improve the state's general aviation system. State law authorizes the award of state grant funding for capital improvement projects.

8. **Promulgation of Administrative Rules** Under Title 43, Texas Administrative Code, and the Administrative Procedure Act, Government Code, Chapter 2001:
- a. **Rules Proposals**
- (1) **Chapter 1 - Management**
 Amendments to §1.85, Department Advisory Committees (Advisory Committees) (MO)
In Minute Order 115565, the commission charged the Bicycle Advisory Committee (BAC) to review and make recommendations on expanding the charge of the BAC to address a wider range of related transportation service options, including pedestrian options and personal mobility devices. The rule amendments expand the scope of the BAC based on the BAC's recommendations in response to the commission's charge.
- (2) **Chapter 9 - Contract and Grant Management**
 Amendments to §9.130 and §9.131, Repeal of §§9.132 - 9.139, and new §§9.132 - 9.135 (Grant Sanctions) (MO)

 Amendments to §§11.403 - 11.406 and 11.411 (Transportation Alternatives Set-Aside Program) (MO)
This minute order amends current Transportation Alternatives Set-Aside Program rules to encourage and improve project proposals from areas under 50,000 in population, reduce the department's risk of federal funds lapsing in the nonurban funding category, streamline project delivery, and improve the likelihood of successful completion of awarded projects. Changes to the rules regarding eligible activities, allowable costs, local match, and MPO and department project selection are proposed.
- (2) **Chapter 27 - Toll Projects**
 New §27.86, Veteran Discount Program (Operation of Department Toll Projects) (MO)
S.B. 1091, 86th Legislature, Regular Session, 2019, amended Transportation Code, §372.053, related to the Veteran Discount Program. The amendments provide that a toll project entity may limit to no more than two the number of transponders (tags) issued to a participant in the entity's program. A toll project entity that adopts a limit shall allow a participant to be issued one extra transponder on a demonstration of hardship by the participant, as determined by the entity. New §27.86 describes the method by which the department will implement the statutory changes, including the number of tags that will be issued to eligible customers and the process for issuance of an additional tag based on financial hardship.
