### 10:00 A.M. CONVENE MEETING

1. **Safety Briefing**  
*Staff will provide general safety instruction.*
2. **Consider the approval of the Minutes** of the February 23, 2022, regular meeting of the Texas Transportation Commission
3. **Contracts**  
Consider the award or rejection of contracts for highway construction and maintenance, and construction and rehabilitation of buildings (Presentation)  
*These proposed minute orders contain information concerning the receipt of bids for highway improvement contracts. The department may reschedule receipt of bids for those projects where the commission rejects all bids. Those bids accepted by the commission will result in conditional contract awards to the low bidders. Contract award conditions may involve securing funding from other sources, the contractor's ability to satisfy federal DBE subcontracting requirements, or other requirements as outlined in the project bid proposal.*
  - a. **Highway Improvement and Other Transportation Facilities**  
(see attached itemized list) ([MO](#))
  - b. **Routine Maintenance**  
(see attached itemized list) ([MO](#))
  - c. **Construction and Rehabilitation of Buildings**  
(see attached itemized list) ([MO](#))
4. **Discussion Item**  
**Investment in Rural Texas** (Presentation)  
*Staff will provide a general overview of activities in support of rural Texas and highlight anticipated investment to strengthen rural infrastructure.*

*Italicized text in document is provided for informational purposes only and is not part of the official posted agenda.*

**AVAILABLE DRAFT PRESENTATIONS AND DOCUMENTS  
MAY BE ACCESSED BY SELECTING THE BLUE LINK AT THE  
AGENDA ITEM. PRESENTATIONS AND DOCUMENTS ARE  
SUBJECT TO CHANGE PRIOR TO COMMISSION ACTION.**

5. **State Infrastructure Bank** (Presentation)  
**Milam County** - City of Cameron - Consider final approval of a request from the City of Cameron for a State Infrastructure Bank loan in the amount of up to \$275,000 to pay for the costs of utility relocation necessary for a non-tolled state highway improvement project to improve FM 845 in Milam County, Texas ([MO](#))  
*City of Cameron (City) will secure the loan with a pledge of enterprise funds consisting of water and sewer revenues. The loan will be used to pay the City's cost of the utility relocation necessary for a non-tolled state highway improvement project to improve FM 845 in Milam County, Texas.*
  
6. **Design-Build Contract**  
**Bexar County - I-35 NEX South Project** - Consider authorizing the department to issue a request for qualifications to design, construct, and potentially maintain the I-35 Northeast Expansion (NEX) South Project. The project consists of non-tolled improvements along I-35 from approximately I-410 South to I-410 North, including transitions along I-35 from Petroleum Drive to I-410 South, and along the portion of I-410 South from the I-35/I-410 South Interchange to 0.3 miles north of Seguin Road/FM 78 in Bexar County (MO) (Presentation)  
*Transportation Code § 223.242 authorizes the department to enter into, in each fiscal biennium, up to six design-build contracts for highway projects with a construction cost estimate of \$150 million or more. I-35 is a major north-south transportation corridor critical for moving people and goods. This portion of I-35 is ranked number 61 on the Top 100 list of most congested roadways in Texas, according to the 2021 report. The proposed improvements would manage vehicle congestion, promote efficient use of existing transportation facilities, minimize impacts to the natural and built environment, and complement other modes of transportation and economic development initiatives in the region. This project meets the requirements for design-build delivery.*
  
7. **Promulgation of Administrative Rules** Under Title 43, Texas Administrative Code  
**Rules Proposal**  
**Chapter 21 - Right of Way**  
Amendments to §§21.31, 21.37, 21.38, 21.40, and 21.41, relating to Utility Accommodation and Repeal of §§21.921-21.930 relating to Utility Relocation Prepayment Funding Agreements ([MO](#))  
*Senate Bill 507, 87th Legislature requires the commission adopt rules to create a right of way accommodation process for broadband only providers. The amendments to §§21.31, 21.37, 21.38, 21.40, and 21.41 prescribe minimum requirements for the accommodation, method, materials, and location for the installation, adjustment, and maintenance of broadband facilities under the accommodation process. These proposed revisions will also reflect current advances in technologies, construction practices, and safety standards. Transportation Code, §203.0922, which authorized a Utility Relocation Prepayment Funding program, expired on September 1, 2013. The repeal of §§21.921-21.930 removes this prepayment funding program from the rules.*
  
8. **Eminent Domain Proceedings**  
**Various Counties** - Consider the authorization of the filing of condemnation proceedings to acquire real property by eminent domain for non-controlled and controlled access highways (see attached itemized list) ([MO](#))  
*Commission findings, determinations, and authorizations for the state, by motion made in accordance with Senate Bill 18, 82nd Legislature, to acquire by eminent domain, upon the payment of adequate and just compensation, various ownership interests in specific parcels of real property that are needed to develop or improve both non-controlled and controlled access state highways, to include requesting the state attorney general to bring and pursue condemnation suits relating to those specific parcels of real property described in the attached itemized list.*

*Italicized text in document is provided for informational purposes only and is not part of the official posted agenda.*

**AVAILABLE DRAFT PRESENTATIONS AND DOCUMENTS  
MAY BE ACCESSED BY SELECTING THE BLUE LINK AT THE  
AGENDA ITEM. PRESENTATIONS AND DOCUMENTS ARE

9. **Routine Minute Orders and Reports**

a. **Donations to the Department**

**Various Districts** - Consider the acknowledgment of donations with a value of \$500 or more, including donations of money, materials, services, or real property, that are made to the department for the purpose of assisting the department in carrying out its functions and duties or for improving access to or from a highway on the state highway system (see attached itemized list) ([MO](#))

*State statutes require the commission to acknowledge the acceptance of a gift to the department that is valued at \$500 or more. By the adoption of this minute order, the commission acknowledges the receipt and acceptance of the property specified in the minute order.*

b. **Real Estate Dispositions**

*The commission must approve the sales, transfers, and exchanges of state rights of way and other real properties that are no longer needed for a state highway purpose. It must also approve, accept, and acknowledge donations to the state of real property that is valued at \$500 or more.*

(2) **Dallas County** - US 75 - Consider the sale of real property to the successful bidder ([MO](#))

*The district has determined that the land is no longer needed for highway purposes. The local governmental entities declined to purchase the land, and legal notice was posted for sale by sealed bid. A successful bidder has been identified, and the land may be sold to the successful bidder.*

(3) **Kimble County** - US 290 - Consider the sale of right of way to an abutting landowner ([MO](#))

*The district has determined that the land is no longer needed for highway purposes. An abutting landowner has requested to purchase the land, and it may be sold to the requester.*

(4) **Sutton County** - US 277 - Consider the transfer of right of way to Sutton County, Texas ([MO](#))

*The district has determined that a segment of roadway is no longer needed for a state highway purpose. Sutton County has agreed to assume jurisdiction, control, and maintenance and has requested that the right of way be transferred to the county. The right of way may be transferred to the county without cost to remain in use for public road purposes and will revert to the state if it ceases to be used for public road purposes.*

c. **Reports**

(1) **Compliance Division Report**

*State law requires the commission to establish a compliance program, which must include a Compliance Division to oversee the program. The Compliance Division is responsible for acting to prevent and detect serious breaches of department policy, fraud, waste, and abuse of office, including any acts of criminal conduct within the department. The Compliance Division is required to provide a monthly report to the commission regarding investigations and a summary of information relating to trends and recommendations.*
